

FSC® C114394 certified company verifies its products through the production chain by complying all the standards applicable with FSC® certification. The chain of custody certification applies to manufacturers, processors and traders of FSC® certified forest products along the production chain. At each stage in the chain of processing and transformation, chain of custody certification is needed to confirm that FSC® certified paper products are kept separate from uncertified products in approved way.

We are also certified for Purchase of FSC® Certified pulp, which indicates that we are using HW & SW pulp from responsible forests and well-managed plantations and ensures that only legally harvested wood is used for manufacturing of our products. Pudumjee is in position to manufacture FSC® certified products in its specialty paper grades. The company is authorized to sale FSC® certified products.
